General - SHAM/OBLIVIOUS

Specific - SMYOPIA Requests for Disposal Slots in JBPARSON

References: A. [ ] dated 8 July 1954  
B. DIR 08869, dated 14 July 1954  
C. DIR 10967, dated 30 July 1954

1. On receipt of reference B, [ ] was informed of the sense thereof. [ ] stated that he could well understand our problem and would never have made the request forwarded in reference A if the subject involved had not specifically indicated a desire to become a member of JBPARSON. [ ] stated that he personally could not understand why such an individual would want to get into JBPARSON but this man apparently did. The following week [ ] contacted [ ] and stated notwithstanding the fact that there was only slight possibility a JBPARSON slot could be found for the subject of reference A, he now had to inform [ ] that two other SMYOPIA disposal cases had evidenced a desire to be relocated and assigned to JBPARSON. [ ] informed [ ] there was even less chance for any additional SMYOPIA disposals to JBPARSON but that if [ ] would give details [ ] would be glad to forward them to Headquarters.

2. Quoted below is [ ]'s letter regarding these two additional SMYOPIA requests for KUBARK consideration for assignment of VALUABLE disposal cases to JBPARSON:

"We spoke and you agreed to enquire whether OBLIVIOUS could accept two further ex-VALUABLE agents in JBPARSON at MUNICH. Both these characters have asked if they could be moved to MUNICH. They are at present in a D.P. camp in the British Zone of Austria.

"Both these men operated in Albania in 1953 with our [ ] party. Details are as follows:

"Nuredin Nurce

Born ARRZA, near ELBASAN, Age 25.  
Political leanings LEGALITET. NURCE originally escaped from Albania in 1949 and was employed on infiltration operations into Albania in 1950 and 1951 by the Greeks. He was recruited by us in Greece in April, 1953.

"Hajrullah TERPEZA

OBLIVIOUS will have full details of this man since they trained him as a W/T operator in 1951 and subsequently offered him to us. We took him on in April, 1953. He did a good job as the wireless operator for the team and appears to be technically efficient.

"We have no intention of using the above two ex-agents again for VALUABLE operations."

3. [ ] would appreciate Headquarters' reaction to the above in order that a suitable reply may be made to [ ] .
